| PRODUCT | SHORT DESCRIPTION |
|---|---|
| ALCASAN (Food Area Safe) | ALCASAN alcohol antibacterial hand gel sanitises without the need for water. Developed in accordance with World Health Organisation (WHO) guidelines this product contains 70% Ethanol v/v to provide maximum efficacy. Ideal for nursing homes, hospitals, food processing facilities or any area where personal hygiene is critical to prevent the spread of disease or contamination. Available in 16 x 500ml pump packs or 8 x 1 litre pods to fit wall dispenser or 5 litre containers with syrup pump. |
| APOLLO (Food Area Safe) | APOLLO is a low foaming, neutral based floor cleaner. Apollo is safe to use in auto scrubbing machines & rinses freely leaving no visible residue for excellent results. This concentrate is available in cartons of 8x1L squirt tops or 5L, 15L & 25L containers. |
| AVALANCHE | AVALANCHE is a white free flowing laundry powder with a subtle citrus fragrance used to obtain excellent wash results in both domestic and commercial laundries. Available in cartons of 8 x 1kg or 5kg, 10kg or 20kg plastic pails. |
| BEERLINE CLEANER (Food Area Safe) | Is a red coloured buffered alkali solution containing surfactants and sequestering agents that will effectively remove residue from beer lines. BEERLINE CLEANER has been formulated for ease of mixing and for its cleaning efficiency in beer lines. The product can be used for cleaning beer-lines in any liquor outlet and is especially suited to automatic injection through a metering device. This concentrate is available in 5L or 25L containers. |
| BIO LAUND | Powerful enzyme based laundry powder that is colour and fragrance free. Specially designed for the efficient removal of stubborn proteinaceous stains from heavily soiled clothing. Suitable for use with persons with sensitive skin. Available in cartons of 8 x 1kg or 5kg, 10kg or 20Kg plastic buckets. |
| BODY SOAP | Economical liquid body soap ideal for topping up common shower dispensers. This product is suitable for washing a person's entire body. A conditioner is recommended for use after the use of Body Soap when washing hair. Available in 5L or 25L containers which are ideal for filling wall mounted dispensers. |
| CARPET CARE | CARPET CARE is a low foaming apple scented liquid carpet cleaner that is suitable for use as the main detergent for use with water extraction machines. This product is also suitable for use as a spot cleaner when diluted. This product is suitable for use on most synthetic & woollen carpets. Concentrate available in 8x1L squirts tops or 5L & 25L containers. |
| CAUSTIC SODA | Powdered caustic soda / lye for unblocking drains and killing odours. Dissolving hair, fats and paper. Available in 5kg buckets. Other sizes are available on request. |
| CHLORDET | Automatic dishwashing machine detergent that contains a special blend of alkalis, chelating agents and sodium hypochlorite that effectively washes & removes food residues, tannin & scale deposits in all ware washing machines. Excellent for plastic and porcelain. Not ideal for long term use on aluminium items. Available in 5L, 15L and 25L containers. |
| CHLORMATIC | CHLORMATIC is a chlorinated machine dishwashing powder suitable for use in both commercial dishwashers using soft or hard water. Available in 8 x 1kg shaker bottles or 5kg, 10kg or 20kg plastic buckets. |
| CITRA-GEL | CITRA-GEL - Grit Hand Cleaner is a Ready-To-Use (RTU) workshop hand cleaner that uses a special blend of biodegradable surfactants, emollients, orange oils and grit to create an awesome hand cleaner that effectively dissolve and emulsify the toughest grease. Available in cartons of 8 x 1ltr squirt tops or 5L and 25L drums with or without 20ml syrup pumps. |
| CLEAN & FRESH | Is a budget laundry powder with a pleasant water lily fragrance suitable for bulk applications. Available ONLY in 15kg cartons (48 cartons to the pallet) |
| CLEARVIEW | CLEARVIEW is concentrated cleaner for glass and chrome surfaces. CLEARVIEW will remove dirt grime quickly, leaving a sparkling film-free surface. Dilute up to 1:7 parts with water. This concentrate is available in 8x1L cartons; or 5L, 15L & 25L containers |
| COMET (AQIS Approved) | COMET is a chlorine-based liquid detergent, sanitiser and destaining product formulated for extensive use in food and beverage processing areas as well as in kitchens, toilets, shower recesses and laundries. This product is a must have for food and beverage processors. |

Hospitality & Catering

Concentrate is available in cartons of 8x1L or 5L, 15L & 25L containers

COMET GREEN

COMET GREEN is a NON DANGEROUS version of COMET. This product is chlorine-based liquid detergent, sanitiser and destaining product formulated for extensive use in food and beverage processing areas as well as in kitchens, toilets, shower recesses and laundries. This product is a must have for food and beverage processors. Available in 5L containers

CRYSTAL

CRYSTAL glass and chrome cleaner is a must have for any establishment to achieve streak free surfaces. Available in cartons of 8 x 750ml trigger packs or 5L, 15L & 25L containers.

DEODORANT BLOCKS

DEODORANT BLOCKS are vanilla scented and can be used in toilet areas, urinals and bathrooms to give an excellent deodorising effect to keep away flies, insects and nasty odours. Available in: 10 Kg pails containing ~100 gram blocks.

DISHEX

DISHEX is a powerful machine dishwashing powder suitable for all types of commercial household dishwashers in both soft and hard water. DISHEX is a close substitute to "FINISH". Available in cartons of 8 x 1kg easy use bottles or in 5kg, 10kg & 20kg plastic pails.

DRAINKLEEN

DRAINKLEEN is a caustic liquid cleaner designed for clearing drains blocked by grease, body fats, paper & scum. Available in 5L jerry cans

DRY & SHINE

DRY & SHINE is a pink coloured environmentally responsible machine dishwashing rinse aid. The use of this product will leave dishes, glassware and cutlery sparkling clean and streak free. The product is manufactured from natural ingredients which will prevent calcium deposits formation inside the dishwashing machines. DRY & SHINE is readily biodegradable and contains no fillers or phosphates. Available in 5L, 15L or 25L drums.

ECO BREAK

ECO BREAK is a quick break degreaser manufactured from biodegradable surfactants that is designed to remove oil and grease by emulsification and then break on dilution with water which allows the oil and water layers to separate for water recycling. Suitable for use in truck washes, car washes, workshops, mine sites and kitchens with recovery systems. Concentrate is available in 5L and 15L drums

EXTRA
(AQIS Approved)

EXTRA is a heavy duty, alkaline liquid cleaner designed for cleaning floors and remove grease, baked on organic residues and heat modified soils and impurities from ovens, grills and hood fryers. This product is safe to use on porcelain, enamel, stainless steel, nickel, chrome, glass and iron surfaces. Available in cartons of 8x1L squirt bottles or 5L, 15L & 25L containers.

FOURMOST

Fragrance blue free flowing enzyme boosted laundry powder for the efficient removal of stubborn proteinaceous stains from heavily soiled clothing. Suitable for use as the main powder for domestic & commercial applications. Available in cartons of 8 x 1kg or 5kg, 10kg or 20kg plastic buckets.

FRESH TALC

Sanitising air fresheners concentrate with a pleasant long lasting talc perfume. Ideal for hotel lobbies, common areas, air conditioner filters, carpets and mattresses. Available in 5L, 15L or 25L containers. Also available in RTU spray pack containing 8 x 750ml in a carton

GRAFFITI REMOVER

Heavy Duty solvents blend for the removal of a variety of coatings & residues from plastic, glass & painted surfaces. GRAFFITI REMOVER is toxic and very strong. It can be used to strip most paints from most surfaces. Available in 8x1L or 5L containers

HERCULES
(AQIS Approved)

HERCULES is a heavy duty alkaline detergent formulated for quick and easy removal of animal fats, starches, soils, dirt, grime, grease and oils from floors, walls and equipment. HERCULES is less active than PREDATOR and is safe to use on surfaces like Aluminium and other soft metals, as well as mild steel, stainless steel and most painted surfaces. Available in cartons of 8x1L squirt bottles or 5L, 15L or 25L containers.

HIJAX

HIJAX is a free flowing, non-caking powder which excellent detergency, scouring, bleaching, brightening and antibacterial properties. HIJAX will effectively remove stains and discolorations from porcelain, stainless steel, copper, brass, aluminium, tiles and concrete floors. Available in cartons of 8x1kg or 5kg or 10kg containers.

LAUNDRY PRESPRAY

Spot cleaner for oil, grease, lipstick & food stains from garments, tablecloths, etc. Safe for use on most coloureds and whites. Available in cartons of 8x750ml trigger sprays or 5L or 25L containers

LIQUID BLEACH 4%

LIQUID BLEACH is a chlorinated, cleaning, sanitising and destaining compound. The product removes stains, whitens clothes, kills bacteria and also deodorises. LIQUID BLEACH will also kill black and green mould marks. Available in 5L, 15L or 25L containers.

MANDELL ANTI-BAC

MANDELL ANTI-BAC is a neutral antibacterial liquid hand gel with a pleasant perfume. The product also contains emollients to minimise drying out of the skin. MANDELL generates excellent lathering qualities in hard or soft water, it rinses cleanly leaving a crisp clean feeling. Available in 5x1L pouches or 5L, 15L or 25L containers for refillable wall mounted dispenser units.

MARINER (AQIS Approved)

MARINER is a premium quality industrial product with excellent cleaning and disinfecting efficiency. MARINER is especially formulated for heavy duty cleaning and degreasing in food processing industrial areas. It is recommended for cleaning and sanitising of concrete floors, food processing equipment, fishing boat decks, bilges, weathered aluminium truck bodies and engine parts. MARINER emulsifies grease oils spontaneously, even in very hard water or seawater. AQIS approved. Available in 5L, 15L or 25L drums.

METHYLATED SPIRITS

Industrial solvent used for a variety of cleaning applications. Removes ink, texta, felt pen marks etc and is also a great all-purpose cleaner where high solvency is required. Available in 5L or 15L plastic drums

MULTIKLEEN

MULTIKLEEN is a general purpose liquid detergent ideal for hand dishwashing cleaning duties. This green liquid is formulated with a balanced blend of anionic surfactants. MULTIKLEEN provides optimum detergency in both soft and hard water conditions that prevail in Australia and is safe to use on all surfaces. Available in 8x1L, 5L & 25L containers.

NITRO DISPENSER

Dish washing dispenser designed to dispense detergent & rinse aid into ware wash and dish washing machines. The unit is triggered by a ware wash machine. The Nitro is programmed via the front panel. Features include easy to change squeeze tubes, rack counter, probe or probe-less options, multi language display, alarm, delay timers, machine fill waste limiting and sturdy design. ORDER CODE: DISP/0035

OVENCARE

OVEN CARE is a heavy duty alkaline liquid cleaner designed to remove grease, baked on organic residues and heat modified contaminations from ovens, grills, hoods and fryers. OVEN CARE is safe to use on porcelain enamel, stainless steel, nickel, chrome, glass and iron surfaces. Available in: 8x1L bottles or 5L, 15L & 25L containers.

OXY BLEACH

Oxygen bleaching powder suitable as a "safe" mild bleach for all types of fabrics, including synthetics & coloureds. Available in cartons of 8 x 1kg easy use bottles or in 5kg, 10kg & 20kg plastic pails.

PREMIUM

PREMIUM is a viscous, highly active, multi purpose, neutral liquid detergent containing biodegradable surfactants and coconut oil derivatives. PREMIUM is ideal for all manual cleaning operations such as hand dishwashing applications. Available in: 5L, 15L, 25L containers.

PRIME

PRIME is a highly active, multi purpose, neutral liquid detergent with low viscosity for quick and efficient dispensing. Like PREMIUM, this product also contains biodegradable surfactants and coconut oil derivatives. PRIME is ideal for all manual cleaning operations and is excellent for hand dishwashing applications. Available in cartons of 8x1L squirt bottles or 5L, 15L & 25L containers. **EARTHCARE**

PROMAX DISPENSER-

Wall mountable 4 Product or single product water & chemical dilution unit. Use the dial for filling spray bottles at a rate of 4 Litres per minute with COLD water. Unit is activated by one hand bottle fill mechanism or traditional lever. Great for hotels, restaurants, supermarkets, schools, hospitals and office buildings. NOT SUITABLE FOR HOT WATER.

Q-SAN (AQIS Approved)

Q-SAN is a concentrated no rinse sanitiser formulated for the food processing hospitality industries. Its active ingredient is a quaternary ammonium compound which is effective against a broad spectrum of bacteria, fungi and viruses. Available in: 5L containers.

READY2GO

Foaming Alcohol Free Hand Sanitiser using orange pith technology. Suitable for Alcohol sensitive users such as children, Muslims and prisoners. Available in cartons of 8 x 300ml bottles or 5 x 1L bladders for wall mounted dispenser.

SANI-DRY

SANI-DRY is a sanitising rinse aid for use on Automatic dishwashing machines. SANI-DRY can also be used in all types of glass or dishwashing machines in hospitals, restaurants, hotels, motels, clubs, canteens, homes and other catering establishments. SANI-DRY eliminates spot-streaking as the articles dry fast. Available in 5L or 15L containers.

SANOLEMON

SANOLEMON is a combined cleaner, disinfectant and deodoriser. The product is a neutral, yellow liquid that imparts a pleasant lemon aroma. This product is not recommended for use in kitchens (use in adjacent areas). Available in 8x1L, 5L or 25L containers.

SANOPINE

SANOPINE is a neutral, yellow liquid designed for combined cleaning, sanitising and odouring operations. As this product is fragranced it is not recommended for use in kitchens. Available in 8x1L, 5L or 25L containers.

SAVON

SAVON is a neutral food safe hand cleaner, with good lather qualities in both hard or soft water. The emollients contained in Savon aid in minimising drying out of the skin. Available in 5L, 15L or 25L drums

SAVON FOAM

Savon Foam is a food area safe foaming hand cleaner. Available in 5 x 1L bladders to suit wall mounted dispenser.

SCALEAWAY

SCALEAWAY is an acid cleaner specifically designed for use in food beverage facilities, processing plants and dairy factories. SCALEAWAY can be used in spray, circulation, soak, brush or hand wipe applications. It is also used to Descal dishwashers. Available in 8x1L squirt bottles or 5L containers.

SODIUM HYPOCHLORITE (AQIS Approved)

SODIUM HYPOCHLORITE removes stains, whitens, kills germs and deodorises. It can be used in many areas and applications. Available in 5L or 25L containers.

SOLID STEP

SOLID STEP is a floor sealer and polish that contains 30% active chemicals and is ideal for high speed buffing operations. The product is non-harmful and non-flammable. The product use will dramatically extend the life appearance of most hard surfaces that can be polished. Available in 5L or 15L containers.

SO SOFT

SO SOFT is a fabric softener and conditioner designed to leave fabrics soft, bright and fragrant. Available in: 8x1L, 5L & 15L containers

SPARKLE

SPARKLE is a clear liquid designed for use in glass washing machines fitted with electronic dispenser feed systems or external venturi systems that are commonly used in pubs, clubs, restaurants, cafes, hotels & motels. This product will not affect beer heads. Available in 5L or 15L containers.

SPEEDIE

SPEEDIE is a solvent cleaner specifically formulated for combined spot cleaning & graffiti removal. Effectively removes oil, grease, tar, glues, gums, texter, red dust stains, inks, and many other unsightly soils. Available in 8x750mL or 5L containers.

SPRAY & WIPE

SPRAY & WIPE is a liquid general purpose cleaner, ideal for daily maintenance cleaning. Simply spray on and wipe on the surface to be cleaned. Dirt, grease and grime are quickly removed without tedious scrubbing. Available in 5L, 15L or 25L containers.

SPRAY & WIPE RTU

SPRAY & WIPE RTU (Ready-to-Use) is pre diluted Spray and wipe for user convenience. Available only in 8 x 750ml cartons.

STRIKE

STRIKE is a specially formulated "one shot" liquid laundry detergent, which will perform all the functions necessary for safe, efficient washing of all fabrics. STRIKE is specially designed for use in all household and commercial washing machines. Available in cartons of 8x1L or 5L, 15L & 25L containers

SUNGOLD

SUNGOLD is a top of the range manual dishwashing detergent with the highest active chemical content in the manual dishwashing range. Available in 8x1L cartons or 5L & 25L containers.

SUPA STRIP

SUPA STRIP is a concentrated liquid product made specifically for the removal of all types of waxes or polish treatments from most floor surfaces. It is designed to strip a floor back to its original application of sealing finishing materials. Available in 5L containers.

SUPERJET

SUPERJET is a concentrated machine dishwashing liquid for use in commercial dishwashing machines. SUPERJET is a blend of alkali chelating agents formulated to effectively remove food residues, tannin scale and all types of deposits. Crockery and cutlery will be left sparkling clean. SUPERJET maintains its cleaning power even in hard water. SUPERJET concentrated free-rinsing formula makes it extremely economical to use. As little as 1-2 ml of SUPERJET per Litre of water can be sufficient for most kitchens cleaning.
Available in 5L, 15L or 25L containers.

TERMINATE

Reoderant / deodorant spray with broad spectrum disinfectant control properties. This concentrate is available in 5L or 25L containers.

TERMINATE RTU

Same as Terminate except this product has been prediluted for convenience. This Ready-To-Use product is available in cartons of 8x750ml Trigger sprays.

TORNADO

TORNADO is an acidic detergent designed to thoroughly clean, disinfect, descale and deodorise toilet bowls, floors and other adjacent areas in one single operation. It efficiently removes lime, rust, scale, uric acid encrustation, algae growth and other stains from under the toilet bowl rim and on urinal surfaces. TORNADO is safe to use on all stainless steel and porcelain urinals.
Concentrate is available in cartons 8x1L squirt tops or 5L, 15L & 25L containers.

TRIPLE 2

(AQIS Approved)

TRIPLE 2 is a water based cleaner and degreaser used for the removal of heavy grease and soils that build up on engines, equipment and painted surfaces. This concentrate is available in cartons of 8x1L or in 5L, 15L and 25L drums.

TRISOL

Powdered bactericide cleaner ideal for all disinfecting, bacteria control, de-staining & deodorising operations in hospitals, nursing homes, food preparation areas, toilets washrooms etc.
Available in cartons of 24 x 500gm shaker packs or 4kg plastic pails.

UMP DIGITAL

Perfect dispenser for automatically injecting controlled amounts of detergent and rinse aid into high use commercial dishwashing machines. This rinse and detergent feeder includes a rack counter, probe or probe-less option, injection points, mounting brackets, water proof construction, squeeze tubes, multi language options. Requires an electrician to install and an Able Westchem representative to calibrate and maintain. (ORDER CODE: DISP/0003)

WALL MOUNTED HAND PUMP

Dispenser limited to a maximum single shot of 30ml used for the easy dispensing and usage control of manual dishwashing liquid in sinks basins and buckets.
(ORDER CODE: DISP/00024)

WESTGUARD

(AQIS Approved)

WESTGUARD is a powerful, fast working combined cleaner and disinfectant that is safe to use on most washable surfaces. Its active sanitation is afforded by a relatively high level of quaternary ammonium compounds with a broad spectrum of bacterial range control. WESTGUARD is accepted by the Australian Commonwealth Department of Primary Industry as a detergent sanitiser for use in meat processing export establishments.

This concentrate is available in carton of 8x1L squirt tops or 5L, 15L & 25L containers.

ZIPP

ZIPP is concentrated detergent formulated with a mildly abrasive medium/mineral filler, to create a product with an excellent cleaning power that is suitable for bench tops, stainless steel surfaces tiles areas or where hardened soils prove difficult to remove similarly to the market leader JIFF).

This ready-to-use product is available in cartons of 8x1L or in 5L & 25L bulk containers.

ZONE FRESH

ZONE FRESH is a concentrated liquid with excellent cleaning, disinfecting and sanitizing properties. It readily emulsifies the toughest soils and grease. The powerful disinfectant from the product ensures superior sanitation of the cleaned surfaces. ZONE FRESH has a strong fragrance, leaving all areas smelling clean and fresh for prolonged periods. This product is not recommended for use in kitchens as it contains a fragrance.

Available in: 8 x 1L or 5L, 15L & 25L containers.

ZONE FRESH RTU

Handy "Ready-to-Use" dilution of Zone Fresh ready to spray.

Available in cartons of 8 x 750ml spray bottles.
