All of our Dowty seals are made from Nitrile NBR. Nitrile is based on Acrylonitrile Butadiene Copolymer material that is resistant to all mineral oils, water and watery liquids. It is also resistant to hot air and numerous other chemicals. Nitrile NBR is a general purpose rubber and is used in a variety of applications. **Operating Temperature Range -30°C - 110°C**

Hose Cut Off Saw

UP TO 2"

LIGHTWEIGHT

MULTI VOLTAGE

Part Number	Description
E-HC5110-12V	12v
E-HC5113-24V	24v
E-HC5102-240V	240v
E-HC11017-240V	240v Pull Down Type

You can cut up to 2" two wire hose or up to 1 1/4" four wire hose. Comes standard with a slotted blade to dissipate heat and increase blade life. These lightweight cut off saws are available in a variety of voltages - 12v, 24v and 240v. Great for mobile applications!

Hose Cut Off Saw (Floor Mounted)

UP TO 2"

FOOT OPERATION

3 PHASE POWER

Part Number	Description
E-HCC3	400v 50Hz 3 Phase 5.5Kw

Dimensions: 1000mm W x 1150mm H x 750mm D
Weight: 190kg

With this floor mounted hose cut off saw, you will be able to cut up to 2" six wire hose or 3" two wire hose. The E-HCC3 is a simple foot operated machine. This machine uses a 400mm slotted high speed steel cutting blade to dissipate and reduce heat. Great for the workshop and comes with connection for vacuum exhaust if available.

For more information on the above machine(s) please see the Hydralok website. www.hydralok.net

Mini Crimpers - Foot Operated

UP TO 1"

FOOT OPERATION

EASY CHANGE DIES

LIGHTWEIGHT

Crimp Force 1000Kn Hose Capacity 3/16" - 1" 4 Wire 100R12

Part Number		Description	
E-H25 Mini		Mini crimper with pneumatic foot pump	
The following dies are included			
Die No.	Range (mm)	Length	Ferrule Max Dia
A16OS	16.0 - 20.9	55	28
A21	21.0 - 23.9	50	33
A24	24.0 - 27.9	50	36
A28	28.0 - 30.9	60	40
A31	31.0 - 39.9	60	43
A40	40.0 - 45.9	60	46
A42*	42.0 - 47.9	60	52

Crimp up to 1" 4 wire hose with this light weight and compact mini crimper. Comes complete with a pneumatic foot pump for easy operation which requires 80-100 psi air supply. Hand pump version is also available.

(*Optional 42mm Die available on request)

Mini Crimpers - Hand Operated

UP TO 1 1/2"

NO POWER REQ

EASY CHANGE DIES

LIGHTWEIGHT

Crimp Force 1700Kn Hose Capacity 3/16" - 1" 4 Wire 100R12

Part Number		Description	
E-HE425-AIR		Vertical Crimper with hand pump	
The following dies are included			
Die No.	Range (mm)	Length	Ferrule Max Dia
A16OS	16.0 - 20.9	55	28
A21	21.0 - 23.9	50	33
A24	24.0 - 27.9	50	36
A28	28.0 - 30.9	60	40
A31	31.0 - 39.9	60	43
A40	40.0 - 45.9	60	46

Crimp up to 1 1/2" Two wire hose and up to 1" four wire hose, with this light weight and compact mini crimper. Crimp by using the hand pump, no electricity required - Great for remote applications.

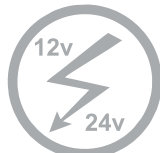

For more information on the above machine(s) please see the Hydralok website. www.hydralok.net

E-PF1-16	1"	1 5/16" JIC	

You can flare tube from 1/4" up to 1" using a Twin speed hand pump, with an integral relief valve. The hand pump produces up to 690bar (10,000psi) and comes with an easy to read Pressure Gauge.

For more information on the above machine(s) please see the Hydralok website. www.hydralok.net

Hydrastatic Hose Tester

PRESSURE GAUGE

HIGH PRESSURE

LIGHTWEIGHT

Part Number		Description	
BPT-G175WL			

The ShinEast Hydrastatic Hose Tester is a great mobile or workshop solution for testing hoses. This machine can test any size hose up to 140Mpa (20,300 psi) The Hydrastatic Tester has easy to read pressure gauge and is mounted on four caster wheels for easy movement. Please note that this machine does not come with a containment cabinet.
